Use of Information

Any personal information we collect from our web or app platforms will be used in accordance with the laws governing data protection in the United Arab Emirates and other applicable laws.

We collect your personal contact details so that our member third party independent transportation partners can contact you directly to better understand what moving services you're looking for, and to note any special requirements you may have. Only upon receiving your permission (verbal or written), or as per terms and conditions you agree for our services; we also share your personal contact details with a set of movers, who may need to communicate with you directly to finalize the arrangements for your move.

Our customer service team might contact you following completion of the services to collect feedback.

In certain cases we may use your email address to send you information on our other products and services. In such a case you will be offered the option to opt in/out of such promotional communication.

Finally, we may need to pass the information we collect to other companies for administrative purposes. We may use third parties to carry out certain activities, such as processing and sorting data, monitoring how customers use the Website and issuing our e-mails for us.

Social Sharing Features

The Services may integrate with social sharing features and other related tools which let you share actions you take on our Services with other apps, sites, or media, and vice versa. Your use of such features enables the sharing of information with your friends or the public, depending on the settings you establish with the social sharing service. Please refer to the privacy policies of those social sharing services for more information about how they handle the data you provide to or share through them.

Your Choices

Account Information

You may correct or remove your account information at any time by logging into your online or in-app account. Please note that in some cases we may retain certain information about you as required by law, or for legitimate business purposes to the extent permitted by law. Access Rights

TruKker will comply with individual's requests regarding access, correction, and/or deletion of the personal data it stores in accordance with applicable law.

Location Information

We request permission for our app's collection of precise location from your device per the permission system used by your mobile operating system. If you initially permit the collection of this information, you can later disable it by changing the location settings on your mobile device. However, this will limit your ability to use certain features of our Services. Additionally, disabling our app's collection of precise location from your device will not limit our ability to collect your trip location information from a Driver's device nor our ability to derive approximate location from your IP address.

Contact Information

We may also seek permission for our app's collection and syncing of contact information from your device per the permission system used by your mobile operating system. If you initially permit the collection of this information, iOS users can later disable it by changing the contacts settings on your mobile device. The Android platform does not provide such a setting.

Promotional Communications

You may opt out of receiving promotional messages from us by following the instructions in those messages. If you opt out, we may still send you non-promotional communications, such as those about your account, about Services you have requested, or our ongoing business relations.
